The Wake Forest Human Relation Council sponsored its first Community Outreach Night last evening at the Richland Creek Community Church. Approximately 50 residents from subdivisions such as Stonegate, Carriage Run, St. Andrews, Dansforth, Caddell Woods and Moss Creek came out to learn more about Town programs and services.

Several panelists representing a variety of Town departments, along with representatives from the Fire Department, the Chamber of Commerce, and the Downtown Revitalization Corporation, were allotted five minutes each to share information with those in attendance.

HRC Chair Meredith Brown says last night's meeting was the first in a series the group has planned that will target neighborhoods throughout Wake Forest.
