**FOR IMMEDIATE RELEASE**

### **NEW WEB PAGE TO OFFER UPDATES ON US 1A WIDENING PROJECT**

**WAKE FOREST, NC – March 4, 2010** – The Town of Wake Forest has created a web page designed to keep area residents updated about the progress of the US 1A/South Main Street Roadway Widening Project. Located at [www.wakeforestnc.gov/us1a\\_wideningproject.aspx](http://www.wakeforestnc.gov/us1a_wideningproject.aspx), the online journal includes news and updates, construction progress reports, project schedules, and contact information.

Earlier this week the Town began work on the project which extends along US 1A/South Main Street from Farm Road to Forestville Road. Upon completion, this half-mile corridor will expand to a three-lane curb and gutter section with four-foot bike lanes on both sides of US 1A/South Main Street and a sidewalk along the left-hand side of the road (traveling towards downtown).

Construction is expected to be completed in the fall of 2010.

For more information about the US 1A/South Main Street Roadway Widening Project, contact Engineering Director Eric Keravuori at (919) 554-6122 or [ekeravuori@wakeforestnc.gov](mailto:ekeravuori@wakeforestnc.gov).
