SUBDIVISION CONSTRUCTION PLAN CHECKLIST

(Last updated: February 2016)

For Department Use Only:

Project Name: _____

Permit/Case No: _____

PROCESS INFORMATION:

Submission: A construction plan is intended to provide a full & complete set of engineered drawings necessary for final permitting and construction that illustrates all required site features. Applicants are encouraged to call or visit the Planning Department to determine what information is required for an application for Subdivision Construction Plan review.

Review: Per Section 14.3 of the Wake Forest Unified Development Ordinance (UDO), the Technical Review Committee (TRC) is charged with reviewing all subdivision construction plans for their compliance and consistency with an approved Subdivision Master Plan (if applicable) and the intent of the UDO and other adopted plans and policies. Submittal deadlines are the 1st Thursday of every by 5:00 PM. Written review comments are typically given to the applicant within 45 days of submittal.

Validity: Approval of a Subdivision Construction Plan shall be valid for 2 years from the date of approval.

GENERAL INFORMATION:

- Completed Application for Plan Review.
- Vicinity Map of area showing location of property & existing surrounding site conditions (using aerial photography) at a scale of not less than 1 inch = 1,000 feet;
- North arrow on all sheets;
- Boundaries of the proposed property to be developed;
- Proposed name of subdivision which shall not have the same spelling as or be pronounced similar to the name of any other subdivision located within the Town's jurisdiction;
- Owner & developers contact information;
- Layout standards, certificates & details from Section 6.11 of the MSSD;
- Six paper copies of plans at a scale not less than 1 inch = 50 feet;
- Administrative fees. ** Town of Wake Forest fees & charges are subject to change without notice. Please call 919-435-9510 to confirm current fees & charges.*

EXISTING CONDITIONS INFORMATION:

1. Existing developed conditions of the property including:
 - Existing structures with built year & historical significance;
 - Cemeteries;
 - Bridges or culverts;
 - Utilities (water & sewer, drainage, storm water, electrical, cable, fiber optics, etc.);
 - Driveways & curb cuts;
 - Sidewalks, surface parking & loading areas;
 - Public and private streets with pavement width;
 - Any known contaminated soils or hazardous materials;

- Existing & proposed easements including but not limited to, electric, water, sewer, storm, drainage, private streets, gas, or other service related easements including location, width & purpose.

2. Existing natural features of the property including:

- Forest stands or trees of a uniform size and species;
- Specimen trees of varying sizes and species, particularly free standing or open-grown or field grown trees;
- Previously documented rare or protected species' habitats.
- Riparian & watershed boundaries/buffers, wetlands, watercourses with name and direction of flow;
- State & federal reports regarding wetlands and stream buffer delineations;
- Special flood hazard areas;
- Wood line & vegetation type with location of all specimen trees;
- Soils map;
- Existing contour lines at a minimum of two (2) foot contour intervals.

SITE INFORMATION:

- Site data information (e.g., zoning, land use, wake county tax pin number, setbacks, acreage);
- Development calculations & Illustrations of density, lot lines, sizes & dimensions, & impervious surface area calculations (if applicable).
- Location of sidewalks and pedestrian ways;
- Proposed plan & illustration of park & open space areas per Chapter 7 of UDO & means of ownership & maintenance.
- Location, description and height of all retaining walls & fences;
- Property lines & setback lines;
- Watercourse, land use & screening buffer areas;
- Landscaping & Street Tree plan (See Section 6.8 & Chapter 8 of UDO for details);
- Lighting plan (See Chapter 10 of UDO for details);
- Location & dimensions of all easements on & abutting the property;
- Location of all Special Flood Hazard Areas (if applicable);

STREET & TRAFFIC INFORMATION:

- Linear footage of all public streets;
- Street and/or right-of-way locations with street sections & names;
- Provisions & designs of all on & off site roadway improvements;
- All traffic control signage & it's conformance to the MSSD;
- Plan-profile drawings at a scale of 1 inch = 50 feet showing street grades & cross sections.

UTILITY & GRADING INFORMATION:

- Linear footage of all storm drainage facilities;
- Detailed storm water, grading & erosion control information per the MSSD;
- Detailed water & sewer information per City of Raleigh Public Utilities;
- Tree Save Areas & protection measures.
