FOR IMMEDIATE RELEASE

TRAFFIC ALERT – SOUTH WHITE STREET

WAKE FOREST, NC – July 24, 2012 – As part of the ongoing South White Streetscape project, JW Grand will close the portion of South White Street from Elm Avenue to Owen Avenue on Wednesday, July 25, from 7 a.m. to 5 p.m. so crews can install a storm drainage pipe.

Crews will also close the intersection of South White Street and Owen Avenue Thursday, July 26, from 7 a.m. to 5 p.m. to install additional storm drainage.

No delays are expected but detour signs will be in place each day to direct traffic around the work areas.

The Town of Wake Forest provides this information as a public service. Motorists are reminded that weather and road conditions can change rapidly and should plan accordingly. When traveling through a construction area, drivers, bicyclists and pedestrians are asked to be patient, proceed with caution and obey flaggers at all times. Planned road closures and restrictions are necessary to allow for a variety of work. Dates, times and work locations are subject to change due to inclement weather or last-minute changes in work schedules.
