# Introduction

Special Events are an important component of the high quality of life in Wake Forest. These events support a sense of place and community, have a positive economic impact on surrounding businesses and encourage residential, commercial, and professional office investment in the Town of Wake Forest ("Town"). The Town has long been a supporter of community events that provide leisure and recreational activities.

When the Town organizes a Special Event, any adverse consequences such as security, traffic and crowd control, property damage, and sanitation are minimized. Similar Special Events sponsored by private groups may not adequately address the adverse consequences. The Town believes it is in the public interest and promotes the public health, safety, and welfare to regulate such Special Events that interfere with the free flow of vehicular and pedestrian traffic on Public Areas and/or utilize private property for events that may impact traffic or public safety.

This Policy is intended to permit many types of Special Events in Public Areas but under guidelines that will prevent, or at least reduce the adverse consequences.

The Wake Forest Board of Commissioners (BOC) of the Town of Wake Forest do hereby enact and ordain the Special Events Policy.

## Special Events Policy

This policy shall be known and cited as the Special Events Policy ("Policy").

It is the policy of the Town that Public Areas, as defined below, are set aside primarily for use by the public at large and should not ordinarily be reserved for private events, parties and gatherings that do not promote a public purpose that benefits and is made available to the entire community. However, on a limited basis, private events that accomplish public good by celebrating the history, heritage and diversity of Wake Forest may be allowed within a Public Area subject to the provisions of this Policy.

The Town Manager is hereby given the authority to authorize the temporary closure of Public Areas, as defined below, for Special Events subject to the provisions of this Policy.

The Town Manager shall have the right to grant waivers concerning scheduling or other minor requirements of this Policy where there is a hardship caused to the event organizer by the strict enforcement of this Policy provided the health, safety and welfare of the public is not placed at risk and the overall intent of this Policy can be achieved.

The Town Manager shall have the right to make minor edits or technical and administrative corrections to this policy without presentation before the current Board of Commissioners.

This policy shall not apply to events taking place in our public parks, greenways, playgrounds and at The Renaissance Centre. The Parks, Recreation, and Cultural Resources Department, the Renaissance Centre, and Center for Active Aging have policies in place to regulate events held in these venues.

# Definitions

For the purposes of this Policy, the following Definitions shall apply unless the context clearly indicates or requires a different meaning:

**Centennial Plaza:** Plaza located directly in front of Town Hall located along Brooks Street. See section for special conditions related to Centennial Plaza use.

Barrier requirements will be determined by the WFPD and will be communicated in advance as a condition of the event permit approval.   - ▶ When a Special Event is held pursuant to the issuance of a Special Event Permit, issued by the Town of Wake Forest, the terms of the Special Event Permit supersede the provisions of the Wake Forest Social District within the boundaries of the Special Event.
  - ▶ It is the decision of the Special Event Permit holder to choose whether to allow Wake Forest Social District beverages to enter the Special Event boundary. That decision can be made when a person has applied for the Special Event Permit with the Town of Wake Forest. If a Special Event Permit holder chooses to opt out of the Wake Forest Social District, necessary signage will be provided but it will be the responsibility of the event organizer to post at points of entry to the Special Event notifying the public that alcohol is prohibited within the event as well as the responsibility of the event organizer to enforce the prohibition. Otherwise, Wake Forest Social District beverages are allowed to enter a Special Event.
  - ▶ If a Special Event area overlaps with the Wake Forest Social District and there is a vendor selling alcoholic beverages at that event under their designated Special Event Permit, those drinks are not allowed to leave the Special Event area and enter the Wake Forest Social District or participating establishments.
