TOWN of WAKE FOREST

Wake Forest has the honor of being the only town in North Carolina scheduled to host the exhibit this year.

Wake Forest welcomes

THE WALL THAT HEALS

The Wall That Heals, a replica of the Vietnam Veterans Memorial, is coming to E. Carroll Joyner Park, 701 Harris Road, Thursday–Sunday, Oct.

18–21. Free and open to the public, the exhibit, along with a mobile Education Center, will be available 24-hours-a-day beginning 8 a.m. Thursday, Oct. 18, through 2 p.m. Sunday, Oct. 21.

Welcoming Ceremony. Area residents are invited to The Wall's official Welcoming Ceremony on Thursday, Oct. 18, at 4 p.m. The service will take place in the vicinity of The Wall exhibit, which will be situated in the grassy field adjacent to the Joyner Park visitor parking lot. One of the highlights of the

event promises to be a flyover by the Bandit Flight Team. The Bandits fly their aircraft to preserve the military Warbird heritage and as an opportunity to salute returning war veterans.

A Traveling Tribute. The Wall That Heals honors the more than three million Americans who served in the United States Armed Forces in the Vietnam War and bears the names of the more than 58,000 men and women who made the ultimate sacrifice in Vietnam.

Wake Forest will be among the first to host the new, larger exhibit, which includes a three-quarter scale Wall replica that is 375 feet in length and stands 7.5 feet high at its tallest point.

COMMUNICATIONS

Residents encouraged to use “SeeClickFix”

In 2014 the Town of Wake Forest introduced “SeeClickFix” as a simple, yet effective way for residents to report quality of life, non-emergency issues. Since then, the Town has addressed hundreds of citizens’ concerns, ranging from damaged sidewalks and potholes to graffiti and malfunctioning traffic signals.

Wake Forest’s SeeClickFix website is available at wakeforestnc.gov/report-a-problem.aspx, while the mobile platform is offered as a function on the Town app.

Once the resident submits an issue, the reporter, the Town, and anyone “watching” the area receives an alert. The Town then acknowledges the service request, routes it to the proper department, and updates the request once it’s been resolved.

PARKS, RECREATION & CULTURAL RESOURCES

PRCR implements new fee schedule

The Parks, Recreation & Cultural Resources Department has implemented a new program fee schedule for both Wake Forest residents and non-Wake Forest residents. The new schedule will include a variety of discounts, including resident, military, multiple child and non-profit.

As part of the new fee schedule, youth athletics fees for Wake Forest residents will increase from \$40 to \$60, while the cost for non-Wake Forest residents will increase from \$80 to \$100. Wake Forest residents who have more than one child participating in a PRCR program will receive the multiple child discount.

Fees for classes will also be affected. These fees vary but are listed in the current edition of *RecConnect* — the PRCR Department’s program guide. Updated fees are also included in the class descriptions provided in the RecDesk online registration system.

A new rental fee schedule will take effect Jan. 1, 2019.

COMMUNITY DEVELOPMENT

Wake Forest celebrates 10 years of bus service

July marked the 10th anniversary of transit service in Wake Forest, and town officials are marking the occasion by reminding area residents of the benefits of riding the bus.

Transit service officially began in Wake Forest on July 21, 2008, giving residents the opportunity to ride a weekday rush-hour express from Wake Forest to downtown Raleigh and use a local circulator service that provides access to grocery stores and shopping.

Bus park and ride lot has moved

Formerly situated at the southwest corner of White Street and Elm Avenue, the park and ride lot has been temporarily relocated to the former SunTrust Bank parking lot on the opposite corner of White and Elm. The relocation is necessary due to the pending construction of Power House Row, a mixed-use building. A permanent park and ride location will be announced soon.

PUBLIC WORKS

Residents & businesses urged to follow solid waste guidelines

In recent weeks, Town officials have noted the repeated failure of numerous residents and businesses to adhere to the code of ordinances regarding solid waste. As a result, officials wish to remind residents and business owners of the following guidelines:

- **Residential Sanitation Service.** The Town of Wake Forest provides mandatory residential sanitation service for single-family dwellings (up to four total units) that have private driveways. The service includes one rollout garbage cart, one rollout recycling cart and weekly collection service.
- **Commercial Service.** All multi-family residential (greater than four units total), office, institutional, educational, commercial and industrial uses shall have refuse collection through a dumpster system and may contract with any commercial service provider. Rollout garbage and recycling carts are intended for households only.
- **Positioning Your Carts at the Curb.** Only rollout carts properly positioned along the right-of-way are eligible for curbside collection service. When setting your carts out for collection, please remember the following: place your cart at the curb before 7 a.m. on your scheduled pickup day; rollout carts must be rolled out to the right-of-way with the arrows facing out to the street; leave four feet of space between the garbage and recycling carts so the truck's mechanical "arm" can grip each cart. Carts should also be at least four feet away from power poles, mailboxes, fire hydrants, trees and cars.
- **Bag Your Garbage, Not Your Recycling.** Town ordinance requires that trash be bagged before being placed in the cart. This prevents flyaway litter as the cart is emptied into the truck. Also, do not place bags or boxes of garbage on the ground. Bags and/or boxes of trash left beside the rollout cart will not be serviced. Recyclables should be placed loosely in your recycling rollout cart.
