

## Free Summer Program For Children

# GSK Science in the Summer™

### Alston-Massenburg Center (Wake Forest)

416 N. Taylor St., Wake Forest, NC 27587

Level	Class dates	Registration
<b>Level I</b> <b>Rising Grades 2-3</b>	August 8-12 9 a.m. - 12 p.m.	28-Mar

<b>Level II</b> <b>Rising Grades 4-5</b>	August 8-12 1 p.m. - 4 p.m.	28-Mar
---	--------------------------------	--------

<b>Level III</b> <b>Rising Grades 6-8</b>	August 2-4 1 p.m. - 4 p.m.	22-Mar
--	-------------------------------	--------

### What is it?

GSK Science in the Summer™ program in North Carolina is a fun and free science education initiative that helps elementary and middle school children “grow into science.”

Through classes held at public libraries and community-based centers in eleven North Carolina counties, this program gets kids excited about studying science with hands-on experiments.

The GSK Science in the Summer™ program in North Carolina is sponsored by GSK and in partnership with UNC-Chapel Hill's Morehead Planetarium and Science Center.

### The theme for 2022 is “Be a Biologist: Discover the World Around You!”

Biologists are curious about the wonderful forms of life that exist now or existed in the past. Biologists look at an anglerfish's built-in “night light,” DNA from a strawberry, ancient remains of a dinosaur, and other things in nature—and they discover new information about the world around us. Their discoveries often help us on a daily basis! This summer, be a biologist as you learn about interesting plants, animals, and other life forms in the ocean and on land through scientific investigations, model-making, and games.
